

LECTURE & WEEKEND WORKSHOP

PRESENTED BY CAROLYN E. HANSEN
BHSP/ADVANCED STUDIES GRADUATE/BIP

Certified FBHS Workshop Leader

Carolyn's passion and joy is healing and teaching with sensitivity and acceptance of each person's uniqueness. A deeply intuitive and compassionate graduate of the Barbara Brennan School of Healing's 4-year program and of its 2-year Advanced Studies in Education program, she is a qualified teacher. Carolyn also completed the 2-year Brennan Integration Practitioner Program and is a credentialed Complementary Medicine Practitioner of Brennan Healing Science at Benedictine Hospital, Kingston, New York. She maintains a private healing practice in the Hudson Valley, New York.

Living and working in Europe and Asia and traveling in over 40 countries have honed her deep respect for individual uniqueness and cultural distinctions. While living in Taiwan, she taught Chan (Zen) meditation at a large Taiwan monastery from 1997 through 1999. With a JD from the University of Michigan and a LL.M. from the University of Brussels, Belgium, her commitment to healing and peace is reflected in her participation, from 1999 to 2006, on the board of the International Alliance of Holistic Lawyers, currently in the Project of Integrating Spirituality, Law and Politics, and in having been a founder of the Renaissance Lawyer Society.

Brennan Healing Science® is an enlightening system of energy work that combines hands-on healing techniques with spiritual and psychological processes... touching every aspect of your life.

Brennan Healing Science is based on the living dynamics of our human energy consciousness system and its relationship to one's self, to others and to the greater world. This energy system reflects the health of one's thoughts and emotions, which sets the template for the state of our lives physically, mentally and emotionally.

This lecture and workshop are designed to give you a thorough and experiential introduction to the transformative work of Brennan Healing Science. It begins on Friday evening (8PM-10PM) with a lecture on the *Anatomy and Physiology of the Human Energy Field*, and continues with a workshop on Saturday (8:30AM-5:30PM) and Sunday (9AM-4PM).

The workshop will be led by Carolyn Hansen, a Barbara Brennan School of Healing Advance Studies Graduate.

The format of this workshop will include lectures, healing demonstrations, guided exercises and meditations, hands-on healing techniques, practice healings, and self-healing exercises.

By joining us, you will be introduced to your ability to give hands-on healing to others, as well as starting to open your latent ability to perceive the human energy field. This is a rare opportunity to step into an expanded view of life, where we see that we are more than just our physical bodies.

We are beings of energy and consciousness!

These teachings on human energy and consciousness, health, healing and self-awareness are at the cutting edge of human development. The Barbara Brennan School of Healing academic 4-year program is recognized as a Bachelor of Science by the Florida Commission for Independent Education.

Come experience this weekend and return to your life renewed, open-hearted and transformed!
